

The Board authorizes the use of Automatic External Defibrillators (AED) in emergency situations. The use, administration, and maintenance of the AED is subject to the following conditions:

1. **Location of the AEDs:** The Superintendent, building principal and school nurse shall select and approve the locations for the AEDs.
2. **Authorized Employees/Training of Users:** AEDs will be administered only by those employees designated by the principal, in consultation with the school nurse. Employees will be authorized after they have successfully received and completed appropriate training in cardiopulmonary resuscitation and AED use. Such training may be provided by the school nurse or from another source acceptable to the school nurse and principal.
3. **Maintenance:** AEDs will be maintained by the school nurse, or his/her designee. Maintenance shall be done according to the AED manufacturer's specifications. The school nurse will maintain a record of all maintenance that has been performed on the AEDs.
4. **Registration of AEDs:** In accordance with State law, the school nurse or designee shall register the AEDs with the New Hampshire Department of Safety. Sample registration forms in Appendix KFD-R or at the NH Department of Safety website.
5. **Incident Reporting:** The school nurse or designee shall report all instances of AED use with the New Hampshire Department of Safety. See sample incident report forms in Appendix KFD-R or at the NH Department of Safety website
6. **Liability Limited:** The limitations of liability as specified in State law, as well as other sources of law, shall apply to the District, and authorized persons administering the AED(s).
