

**WORKERS' COMPENSATION TEMPORARY ALTERNATIVE  
WORK PROGRAM****GBGD  
Page 1 of 2**I. Policy

In compliance with RSA 281-A:23-b, the School District will provide temporary alternative transitional work opportunities to all employees temporarily disabled by a work-related injury or illness.

II. Purpose

The School Board adopts the principle that it is important to provide meaningful work during the time of healing following a work-related illness or injury in order to assist employees in their transition back to full duty.

III. Procedure

The Temporary Alternative Work Program will be available to employees for a period of time extending as long as the circumstances of the illness/injury requires, but initially not longer than four (4) months, as dictated by the treating physician and as such duties are available.

The program is not intended to address those situations in which an employee has been deemed to be permanently disabled and unable to resume his or her previous position.

- A. An ill/injured employee will be responsible to obtain a New Hampshire Workers' Compensation Task Analysis and a copy of his/her current position when reporting the injury. Forms may be obtained from the Building Principal. If the nature of the injury or illness is such that emergency need for care precludes obtaining the above forms, then the employee shall, as soon as possible, call the Building Principal to request that an analysis and position description be mailed to the employee or his/her treating physician.
- B. The ill/injured employee and the treating physician will share the responsibility of providing the School District the NH Workers' Compensation Medical Form. This form provides information relating to the employee's capabilities necessary to structure a temporary duty program.
- C. The Building Principal will work with the employee to facilitate a safe return-to-work program within limitations listed by the treating physician.
- D. The ill/injured employee will be responsible for providing an updated medical form completed by the treating physician after each subsequent visit, and returning it to the Building principal.

- E. The Building Principal will be responsible for reviewing the appropriateness of continuing the program or duty assignments. Additional modifications will be made to the return-to-work program as required, including, but not limited to, extending the program beyond four (4) months, as necessary.
- F. Upon release by the treating physician, the employee will assume normal duties of his or her regular position.

**IV. Summary**

A notice summarizing all employees' rights shall be posted in the staff room for inspection by all employees.

The provisions of this policy are intended to comply with RSA 281-A:23-b. To the extent that this policy is ambiguous or contradicts the Workers' Compensation Statutes, the language of the Statutes or Regulations will apply.
