

EDUCATIONAL FIELD TRIPS**IJOA**

The Board appreciates the educational value of student trips outside the school district, but a measure of control must be exercised to protect the interests of the school and the students involved.

All educational field trips, sponsored by the school or under the control of school personnel, must meet approval guidelines as to purpose, educational value, insurance coverage, and financial arrangements.

The Board accepts no responsibility for, and discourages participation in, student trips not under the direct sponsorship and supervision of the Stratham Memorial School.
